

**Name:**

Advanced Photo – Critique Gold/Silver Leaf Image

**DIRECTIONS:**

- Consider image choice and composition as well as construction and technique when evaluating the works presented
- Describe, Analyze and Interpret what you notice while answering the following questions.

1. How do you feel the process of foiling and floating a clear image affected the images or compositions? Explain.

2. What are you most attracted to in these images? Why.

3. Is there anything you would change in your approach to this project if you were to redo this assignment? Explain.

**DIRECTIONS:**

RATE AN IMAGE off choice in the display on the following criteria and your own work: 5 being the highest score and 1 being the lowest “I tried” score

NAME of the person you are critiquing: \_\_\_\_\_

Evidence	My Work	Classmate’s Work
Composition Choice is best suited for this type of presentation		
Foiling technique and color foil choice enhances the final image		
Process / Technique was done properly: no bubbles, even coating over the image, image appears to float ABOVE foil		
Presentation: appropriate image placement on foil, backing border is even and neatly done
